

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry "documentary" days before the election is a clear example of the dangers of media consolidation and abuse of the privilege to use the public airwaves.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. It clearly does not serve the public interest when this media giant manipulates its power to promote its own private interests at the expense of fair and unbiased programming.

The FCC has the power to stop this abuse of our airwaves, and I respectfully ask that such action be taken.

Thank you.
